PUASS00100 Manage Recovery - Complex Incident Planning

Release 1

PUASS00100 Manage Recovery - Complex Incident Planning

Modification History

Release 1. This is the first release of this Skill Set in the PUA Public Safety Training Package.

Description

This Skill Set provides the skills and knowledge required for personnel who coordinate emergency management/disaster recovery activities and facilitate this through planning for a complex incident.

It includes chairing meetings with the Recovery Group Coordinators and the Recovery Organisation Functional Managers to ensure recovery activities in the affected area are effective and coordinated.

Pathways Information

This Skill Set is part of the PUA Public Safety Training Package.

This Skill Set can be a standalone outcome, or the units may be included in a qualification as an elective option.

The units of competency in this Skill Set can contribute to the completion of relevant Certificate III, Certificate IV, Diploma and Advanced Diploma qualifications from the PUA Public Safety Training Package.

Licensing/Regulatory Information

Not applicable.
