Entry Requirements

Not applicable.

Employability Skills Summary

Employability Skills Summary for PUA31606 Certificate III in Public Safety (Artillery Operations)

Employability Skills are part of a unit of competency.

Employability Skills statements from a selection of units of competency from the PUA31606 Certificate III in Public Safety (Artillery Operations) have been reproduced in the table below. This table provides an example of Employability Skills for the qualification because Employability Skills within a qualification will vary depending on the qualification packaging options.

Public Safety qualifications have core units (which must be achieved) and elective units (where there is a choice of units which must be achieved) so different Employability Skills Summaries are possible within the one qualification, depending on the package of core units and chosen elective units. Employability Skill	Employability Skills Statement
Communication	• adjust own communication styles to reflect equity and diversity principles • apply appropriate techniques when providing constructive feedback to other team members and when giving and receiving support to/from team members • apply interpersonal and cross-cultural communication strategies • communicate information quickly, clearly and accurately • complete and maintain documentation and records • ensure that information, knowledge and skills are communicated effectively and shared • follow legislative and statutory requirements • follow organisational policies and guidelines • follow standard procedures, safety procedures and instructions • interpret data produced by the radar and used to assist command

	- decisions - provide information and interpret directions/orders from a supervisor - record and communicate data (such as survey or meteorological) - report faults and defects to supervisor including defects with firing - send and receive simple non-verbal signals
Teamwork	- recognise, value and adjust own behaviour to individual differences in the workplace by treating others with respect and dignity - work as part of a team such as a two-person survey team or a gun detachment team - work in an acceptable and non-discriminatory manner while establishing rapport and good working relationships with all colleagues
Problem solving	- conduct a field survey to determine fixation and orientation - conduct operating maintenance in accordance with procedures - confirm operational performance and accuracy of the radar and take appropriate action where performance is out of limits - continually assess the environment to identify the threat or their sign - identify weaknesses for exploitation - minimise personal signature - report or correct faults or difficulties within own ability by using basic fault finding skills - select the type of camouflage required for a particular situation - use tactical techniques and procedures and target recognition - verify results for omissions and errors by re-checking visual clues in measurements or actual data
Initiative and enterprise	use improvised techniques appropriately such as minimising personal signature
Planning and organising	- assess factors influencing camouflage and concealment - assess the environment so that appropriate camouflage and concealment techniques can be applied - assess the tactical situation so that appropriate camouflage and concealment techniques can be applied - assess threat's detection capabilities - complete administration duties in accordance with procedures - gather meteorological data - prepare for meteorological operation - prepare for survey - prepare weapon for movement and firing

	• select appropriate routes • set up radar • understand and apply throughout operation, occupational health and safety requirements and recognised safety precautions including those contained in the Australian Defence Force procedures
Self-management	• comply with workplace equity and diversity practices • conduct self in a manner that shows sensitivity to the differences between colleagues • recognise the limit of own authority • work without supervision
Learning	• compile meteorological data • conduct weapon drills • develop a detailed understanding of weapon systems, field surveys, personal camouflage and concealment
Technology	• conduct equipment maintenance • ensure radar is operated in accordance with standard procedures • maintain equipment such as a weapon, survey equipment or meteorological equipment for serviceability • ensure targets are sighted and tracked using the system • prepare and operate a radar or weapon • safely handle, aim, fire, manoeuvre and maintain line of sight ground based air defence weapon systems • use ammunition under supervision • use communications and signalling devices • use emergency devices (e.g. parachute, life-raft) and weapons • use equipment/instruments including ancillary equipment or survey equipment

Packaging Rules

Qualification Requirement: 19 units

All 4 core units, plus 10 units from the specialisation elective units, plus 5 general elective units

Specialisation elective units should be selected from the fields that most closely align to an individual's occupational outcomes.

The 5 general elective units may be taken from the general elective units listed below, or may include 2 units taken from within this Training Package or any other endorsed Training Package at the same qualification level or a higher level.

Code	Core Units
PUADEFCA003B	Operate a radar to locate targets
OR	
PUADEFCA201B	Operate indirect fire weapons
OR	
PUADEFCA202B	Conduct field survey to determine fixation and orientation
OR	
PUADEFCA203B	Produce meteorological data
OR	
PUADEFCA204B	Destroy hostile air targets using line of sight ground based air defence weapon systems
PUADEFCEM001B	Use personal camouflage and concealment in a threat environment
PUADEFCEQ001C	Work with equity and diversity
BSBCMN211A	Participate in workplace safety procedures

Code	Specialisation Elective Units
Combat Field	
PUADEFCA001B	Observe and monitor hostile areas to detect targets
PUADEFCA002B	Operate remote sensors to detect targets
PUADEFCA004B	Conduct military searches
PUADEFCA005B	Operate communications equipment

Code	Core Units
PUADEFCA006B	Perform an individual free fall parachute descent
PUADEFCA007B	Perform an individual free fall parachute descent carrying combat equipment
PUADEFCA008B	Perform an individual static line parachute descent
PUADEFCA009B	Perform an individual static line parachute descent carrying combat equipment
PUADEFCA010B	Perform a team free fall parachute descent carrying combat equipment
PUADEFCA205B	Observe targets and direct single asset firepower on a single target
PUADEFCA206B	Observe targets and coordinate multi asset firepower on multiple targets
PUADEFCA401B	Undertake security operations
PUADEFCA402B	Undertake defensive operations
PUADEFCA403B	Undertake offensive operations
PUADEFCA404B	Undertake reconnaissance tasks
PUADEFCA405B	Undertake surveillance patrol tasks
PUADEFCA401B	Maintain security in a Defence communications and information systems environment
PUAOPE003B	Navigate in urban and rural environments
Weapons Field	
PUADEFCA406B	Operate a service pistol
PUADEFCA407B	Operate a sustained fire machine gun
PUADEFCA408B	Operate sustained fire machine guns on operations
PUADEFCA409B	Operate a shotgun
PUADEFCA410B	Throw grenades on operations
PUADEFCA411B	Operate a grenade launcher
PUADEFCA412B	Operate a mortar
PUADEFCA413B	Operate a direct fire support weapon

Code	Core Units
PUADEFCA414B	Operate direct fire support weapon systems on operations
PUADEFCA415B	Operate anti-personnel weapon
PUADEFCA416C	Employ hand operated pyrotechnics
PUADEFCA417B	Destroy targets using a direct fire guided weapon system
PUADEFCA419B	Operate a service rifle on operations
PUADEFCA420B	Operate a light support weapon on operations
PUADEFM101C	Operate a service rifle
Explosive Ordnance Field	
PUADEFEO101D	Work safely with explosive ordnance
PUADEFEO706D	Participate in the conduct of explosive ordnance disposal operations
PUADEFEO711C	Conduct military demolition operations
PUADEFEO712C	Lay and clear booby traps
PUADEFEO713C	Lay and clear mines
Safety and Emergency Field	
PUADEF0H005B	Apply radio frequency radiation safety procedures
PUADEF0H007B	Apply ionising radiation safety procedures
PUADEF0H009B	Work safely with lasers
PUADEF0H012B	Identify confined space
PUADEF0H013B	Enter confined space
PUADEF0H014B	Test confined space environment
PUAEME001B	Provide emergency care
PUAFIR207B	Operate breathing apparatus open circuit
PUAFIR308B	Employ personal protection at a hazardous materials incident

Code	Core Units
Transport Field	
PUADEFCA304B	Prepare, operate and maintain small watercraft
PUADEFTP001B	Operate a vehicle in an environment of threat
PUADEFTP002B	Operate a vehicle at night
PUADEFTP003B	Operate a vehicle over difficult terrain
PUADEFTP004B	Operate a vehicle using night fighting equipment (NFE)
PUADEFTP005B	Operate a multi-axle trailer
BCCPO3002B	Conduct dozer operations
TDMMC901B	Manoeuvre a domestic vessel of less than 12 metres in length operating within inshore limits
TDMMH1202A	Plan and navigate a short voyage within inshore limits
TDTC2501A	Operate four wheel drive vehicle
TDTC297B	Drive light rigid vehicle
TDTC397B	Drive medium rigid vehicle
TDTC497C	Drive heavy rigid vehicle
Code	General Elective Units
BCG1006A	Use small plant and equipment
BSBCMN203A	Communicate in the workplace
BSBCMN206A	Process and maintain workplace information
BSBSUS201A	Participate in environmentally sustainable work practices
HLTFA2A	Apply advanced first aid
PSPGOV204B	Access and use resources
PSPGOV207A	Use technology in the workplace
PUADEFEO201C	Respond to fire
PUATEA001B	Work in a team

Code	Core Units
PUATEA005A	Manage own professional performance
RTC1301A	Operate basic machinery and equipment
RTC2304A	Operate and maintain chainsaws

NOTES

BCC units have been imported from the BCC03 Civil Construction Training Package.
BCG units have been imported from the BCG03 General Construction Training Package.
BSB units have been imported from the BSB01 Business Services Training Package.
HLT units have been imported from the HLT02 Health Training Package.
PSP units have been imported from the PSP04 Public Sector Training Package.
RTC units have been imported from the RTC02 Rural/Conservation Common Units.
TDM units have been imported from the TDM01 Maritime Training Package.
TDT units have been imported from the TDT02 Transport and Distribution Training Package.

Information about customising PUA00 Public Safety Training Package qualifications is on page [12](#).
