Unit Descriptor

Unit Descriptor

This unit covers the competency required to command, lead and manage groups of up to 12 personnel during offensive operations.

Offensive operations are characterised by extreme environmental conditions with high levels of risk of serious injury or death from hostile action. Supervision during offensive operations requires supervisors to be incisive in a fluid and demanding environment, to act independently, and to lead by example.

Command is the authority a commander in the military service lawfully exercises over subordinates by virtue of rank or assignment.

Application of the Unit
