Assessment Requirements for RGRHBR306 Raise young horses

Release: 1

Assessment Requirements for RGRHBR306 Raise young horses

Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 3.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has:

- safely handled, fed and cared for at least three young horses (covering foals, weanlings and/or yearlings)
- observed each young horse and reported on behaviour and development
- educated three young horses to be led, tied and paraded in hand.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices for raising young horses, including:
 - desirable and undesirable conformation and strategies to address undesirable conformation or characteristics
 - developmental disorders of young horses
 - diseases and common illnesses associated with young horses
 - monitoring behaviour
- animal health and welfare practices for young horses:
 - feeding and nutrition requirements for young horses and weaning foals
 - vaccination, worming and rotational or seasonal parasite programs
 - weaning practices
 - enrichment activities
- work health and safety practices applicable to working with young horses
- safe horse handling techniques for educating young horses
- hygiene, infection control and biosecurity practices applicable to working with young horses
- key principles and features of animal welfare legislation.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - a workplace or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - various young horses – note that young horses can be less compliant and highly reactive, and should be assessed as suitable for the experience and skill of the individual
 - appropriate tack and equipment used for handling and caring for young horses
 - personal protective equipment (PPE) correctly fitted and applicable for task of individual
- specifications:
 - work instructions and workplace procedures for handling young horses.

Training and assessment strategies must show evidence of the use of guidance provided in the *Companion Volume: User Guide: Safety in Equine Training*.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
