Assessment Requirements for RGRPSG305 Coordinate greyhound breeding

Release: 2

Assessment Requirements for RGRPSG305 Coordinate greyhound breeding

Modification History

Release	Comments
Release 2	This version released with RGR Racing and Breeding Training Package Version 3.0.
Release 1	This version released with RGR Racing and Breeding Training Package Version 1.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that, on at least one occasion, the individual has:

- developed, monitored, evaluated and updated greyhound breeding programs using anatomical traits, welfare standards and industry performance indicators to analyse success.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices of greyhound breeding
- anatomical and physiological structures and functions related to the reproduction, care and wellbeing of greyhounds
- animal welfare and ethics in relation to breeding and breeding animals
- Five Domains model of animal welfare
- basic genetic concepts and breeding strategies such as out-crossing, line breeding and in-breeding and their possible effects on outcome
- industry performance indicators of a successful breeding program
- types of external influences on potential success during early development, rearing and primary education of greyhounds, and how these effects can be minimised
- how to critically evaluate the performance of individuals involved in providing services related to breeding, including contract whelpers and rearers
- tests and examinations used to determine suitability of animals for breeding, readiness for breeding, and to determine pregnancy

- industry approved methods of breeding, breeding strategies and reproductive traits related to greyhounds
- industry expectations in relation to breeding success and breeding stock welfare
- industry terminology related to greyhound health and breeding processes and events
- industry legislation, regulations and codes of practice that apply to the coordination of greyhound breeding.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - a greyhound establishment or an environment that accurately represents real workplace conditions
- resources, equipment and materials:
 - greyhounds
 - workplace resources typically found in a greyhound establishment
- specifications:
 - greyhound industry codes of practice.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
