Assessment Requirements for RGRPSH423 Train horses for jumping racing

Release: 1

Assessment Requirements for RGRPSH423 Train horses for jumping racing

Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 2.0.

Performance Evidence

An individual demonstrating competency in this unit must satisfy all of the elements and performance criteria of this unit. There must be evidence that the individual has trained at least two thoroughbred horses for jumping racing, including for each:

- assessed horse aptitude for jumping obstacles, jumping and jumping racing
- assessed safety risks and conditions and planned jumping course
- selected and presented suitable jumping exercises and obstacles for level of experience, education and fitness of horse and rider
- planned jumps race program for individual horse and rider.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices of jumps training:
 - industry terminology related to jumps education and racing
 - relevant rules of racing related to jumping racing
 - controlling techniques for horses in jumping racing
 - factors to consider in planning a jumps racing training program
 - stages of jumping education for horses
 - planning the jumps racing course
 - types of jumping obstacles relevant to education and competition in jumping racing
- assessing horse aptitude for jumping racing:
 - common horse behaviour traits related to jumping
 - common injuries related to jumping exercise and education
 - indicators of horse welfare, including signs of lameness
- racing industry standards and expectations relevant to jumping racing training:
 - communication procedures within stable and wider racing industry

- emergency control measures
- animal welfare requirements
- safety requirements, including safe operating procedures.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - racing training establishments, safe racetrack areas, race meetings and related facilities
- resources, equipment and materials:
 - poles, obstacles and jumps suited to jumping racing training program
 - various thoroughbred horses assessed as suitable for the skill and experience of the individual for jumping racing
 - appropriate racing industry-approved gear and equipment for individual, horse and activity.

Training and assessment strategies must show evidence of the use of guidance provided in the *Companion Volume: User Guide: Safety in Equine Training*.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
