Assessment Requirements for RGRROP308 Drive mobile start vehicle

Release: 1

Assessment Requirements for RGRROP308 Drive mobile start vehicle

Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 2.0.

Performance Evidence

An individual demonstrating competency in this unit must satisfy all of the elements and performance criteria of this unit. There must be evidence that the individual has driven a mobile start vehicle on at least three occasions at a harness race track, including for each occasion:

- carried out equipment safety checks and prepared the mobile start vehicle for the race after confirming the race requirements
- demonstrated effective mobile start vehicle driving skills
- performed shutdown, final maintenance checks and storage procedures
- complied with the requirements, procedures and instructions that apply to harness race mobile start vehicle duties.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- race organisation and responsibilities related to harness race starts
- protocols and procedures for communicating with starter and other racing industry personnel
- racing industry animal welfare requirements, including:
 - standardbred horse behaviour traits related to racing
 - dealing with race incidents and track emergencies
- racing industry safety procedures associated with race start driving operations, including:
 - pre-start vehicle checks
 - checking barrier and starter equipment
 - operation of vehicle and equipment
 - vehicle driving skills
 - track emergencies
- vehicle maintenance and storage

- reporting procedures, including for incidents, irregularities and problems.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - a harness race track or an environment that accurately represents a harness race track
- resources, equipment and materials:
 - a variety of standardbred horses
 - mobile start vehicle and equipment relevant to assessing individual's ability to drive vehicle at harness races
- specifications:
 - work instructions and related documentation
- relationships (internal/external):
 - access to race starter and drivers.

Training and assessment strategies must show evidence of the use of guidance provided in the *Companion Volume: User Guide: Safety in Equine Training*.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
