**Assessment Requirements for RGRROP314
Perform duties of photo finish operator at
greyhound or horse race meetings**

Release: 1

Assessment Requirements for RGRROP314 Perform duties of photo finish operator at greyhound or horse race meetings

Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 2.0.

Performance Evidence

An individual demonstrating competency in this unit must satisfy all of the elements and performance criteria of this unit. There must be evidence that, for at least three race meetings for greyhounds or horses, the individual has (for each):

- prepared and verified the operation of photo finish image capture equipment
- operated and maintained the race photo finish capture equipment and processed images ready for race judge decision
- recorded race results from identified race placements
- complied with the procedures, rules of racing and instructions that apply when conducting photo finish procedures.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- types of equipment and procedures for operation and maintenance of photo capture technology
- organisational policies and procedures relating to photo finish operations
- purpose of rules of racing and relevance to:
 - judging race finish and outcomes
 - photo finish operations
 - ethical conduct
- identification features of greyhounds or horses
- race colours and barrier or box numbers
- hazards and potential hazards in the workplace, and risk control procedures
- communication protocols and procedures, including:
 - race day reporting lines
 - reporting irregularities or problems relating to photo finish operations.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - industry supervised access to race meetings and photo finish facilities relevant to the applicable racing code
- resources, equipment and materials:
 - cameras, videos and other capture devices used in racing
 - materials and equipment relevant to assessing individual's ability to complete photo finish procedures
- specifications:
 - work instructions and related documentation
- timeframes:
 - required timeframes according to the job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
