Assessment Requirements for RGRSTD303

Assess racing and training gear suitability and safety

Release: 1

Assessment Requirements for RGRSTD303 Assess racing and training gear suitability and safety

Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 2.0.

Performance Evidence

An individual demonstrating competency in this unit must satisfy all of the elements and performance criteria of this unit. There must be evidence that the individual has inspected and assessed different items of approved gear to determine suitability and safety for at least three race meetings or training events, including for each:

- checked compliance, detected and removed or reported non-approved or illegal gear
- checked fit, safety and suitability of approved racing or training gear during track and stable/kennel visits
- supervised or assisted with adjustments to approved gear to address comfort and safety
- handled racing animals according to safety and animal welfare requirements.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- procedures and practices for assessing racing gear:
 - approved racing gear and equipment according to relevant code or national gear register for thoroughbreds
 - non-approved racing gear and equipment
 - implications of greyhounds or horses racing without approved or safe gear
 - factors to consider in checking fit for racing gear comfort
- greyhound or horse safe handling and controlling techniques
- range of behaviour traits exhibited by greyhounds or horses
- reporting lines and reporting requirements for irregularities and problems
- racing industry standards and expectations relevant to assessing gear suitability and safety:
 - racing industry animal welfare requirements
 - racing industry safety requirements, including safe operating procedures
- relevant rules of racing relating to racing gear.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - stables or kennels, training and racetrack or an environment that accurately reflects performance in a real workplace setting
- resources, equipment and materials:
 - gear or equipment to be worn by greyhounds or horses and racing personnel during trials and races approved by racing control body or on national gear register for relevant racing code
 - personal protective equipment correctly fitted and appropriate for activity for individual.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
