# **RII51020 Diploma of Well Servicing Operations**

# RII51020 Diploma of Well Servicing Operations

## Modification History

Release	Comments
4	Superseded elective units updated
3	This version was released with RII Resources and Infrastructure Training Package version 7.0.  Version created to fix typographical and/or unit grid errors.
2	Minor amendment to accurately reflect core unit RIIOGD505E Manage drilling and well servicing induction and orientation.
1	This qualification was first released in RII Resources and Infrastructure Industry Training Package Release 5.0.

## Qualification Description

This qualification reflects the role of individuals such as supervisors in well servicing operations. The tasks performed by the supervisor in well servicing involve a high level of autonomy and require the application of significant judgement in planning and determining the selection of equipment/roles/techniques for themselves and others. They are required to demonstrate the application of a broad range of technical, managerial, coordination and planning skills.

## Licensing/Regulatory Information

Licensing, legislative and certification requirements that apply to this qualification can vary between states, territories, and industry sectors, and must be sourced from state jurisdictions prior to applying the qualification.

## Entry Requirements

Nil

## Packaging Rules

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Total number of units = 12

**7 core units** plus

**5 elective units**, of which:

- no more than one (1) may come from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units selected from outside this qualification must reflect current occupational and learning outcomes of this AQF qualification level.

There are prerequisites to imported units listed in this qualification. Where a unit is imported as an elective, care must be taken to ensure that all prerequisites specified are complied with.

<b>Core units of competency</b>	
<i>Unit code</i>	<i>Unit title</i>
RIIBEF401E	Manage non-routine and complex technical situations
RIIOGD501F	Manage rig operations
RIIOGD502E	Plan and evaluate rig operations
RIIOGD505E	Manage drilling and well servicing induction and orientation
RIIRIS501E	Implement and maintain management systems to control risk
RIISAM502E	Manage general drilling equipment maintenance
RIIWSV503E	Manage and monitor rig-up operations
<b>Electives</b>	
<i>Unit code</i>	<i>Unit title</i>
RIIOGD405E	Carry out well control and blow out prevention operations
BSBOPS505	Manage organisational customer service
BSBOPS502	Manage business operational plans
BSBWHS521	Ensure a safe workplace for a work area
BSBTWK502	Manage team effectiveness

RIIENV501E	Implement and maintain environmental management plans
RIIERR504E	Manage major incidents and emergencies
RIIGOV501E	Identify, implement and maintain legal compliance requirements
RIIOGD506D	Manage rig move and camp move
RIIOGD508D	Manage well completion and abandonment
RIIWSV401E	Rig up and rig down for well servicing operations
RIIWSV501D	Manage well servicing induction and orientation
RIIWSV502E	Manage well completion and rig release

## Pre-requisite Requirements

There are no prerequisite requirements for this qualification.
