RIIMPO326D Conduct civil construction water cart operations

Release: 3

RIIMPO326D Conduct civil construction water cart operations

Modification History

Release	Comment
1	This unit replaces RIIMPO326A Conduct civil construction water cart operations.
2	Performance Evidence wording amended; removed repetition from Performance Criteria; amend reference to Licensing requirements in Unit Application.
3	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to conduct civil construction water cart operations in Civil construction.

This unit is appropriate for those working in operational roles.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

Unit Sector

Civil construction

Elements and Performance Criteria

1. Plan and prepare for water cart operations	1.1 Access, interpret and apply water cart operations documentation and ensure the work activity is compliant 1.2 Obtain, read, interpret, clarify and confirm work instructions 1.3 Identify and address risks, hazards and environmental issues and implement control measures 1.4 Select and wear personal protective equipment appropriate for work activities 1.5 Obtain, identify and implement traffic management signage requirements 1.6 Select, and check for faults, equipment and/or attachments for
---	--

	work activities 1.7 Obtain and interpret emergency procedures, and be prepared for fire/accident/emergency
2. Operate water cart	2.1 Carry out pre-start, start-up, park, shutdown and secure equipment procedures 2.2 Coordinate activities with others at the site prior to commencement of, and during, the work activity 2.3 Continually monitor hazards and risks, and ensure safety of self, other personnel, plant and equipment 2.4 Manage engine power to ensure efficiency of water cart platform movements and to minimise damage to the engine and gears 2.5 Coordinate engine power with gear selection to ensure smooth transition and operation within torque range 2.6 Drive and operate water cart, and modify the operating technique to meet changing work conditions 2.7 Bring vehicle to a halt smoothly, minimising the wear and tear on vehicle using the engine retarder, gears and brakes
3. Load, transport and distribute water	3.1 Position water cart at load and discharge/distribution points 3.2 Load water cart to within the authorised carrying capacity and to suit the site and task conditions 3.3 Carry out water haulage operations efficiently, safely and smoothly avoiding surge and sway 3.4 Discharge/distribute water efficiently in accordance with requirements and procedures 3.5 Monitor and maintain discharge and distribution systems throughout the operations 3.6 Complete work the workplan within the operating capacity of the equipment
4. Carry out machine operator maintenance	4.1 Prepare machine for maintenance 4.2 Conduct inspection and fault finding 4.3 Carry out scheduled maintenance tasks 4.4 Process written maintenance records
5. Conduct housekeeping activities	5.1 Clear work area and dispose of or recycle materials 5.2 Process records

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
