RIIMSM304D Inspect small mines operations

Release: 2

RIIMSM304D Inspect small mines operations

Modification History

Release	Comment
1	This unit replaces RIIMSM304A Inspect small mine operations
2	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to inspect small mines operations in Metalliferous Mining (Small Mines).

This unit is appropriate for those working in operational roles.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

Unit Sector

Metalliferous Mining (Small Mines)

Elements and Performance Criteria

1. Plan and prepare for small mines operations inspection	1.1. Access, interpret and apply small mines inspection documentation and ensure the work activity is compliant 1.2. Obtain and confirm mine operational information from mine records and planning documents 1.3. Obtain and confirm future planned operations information related to the work area 1.4. Access and interpret geological and survey data 1.5. Access safety information and procedures which may impact on mine operations 1.6. Identify and access all recording and reporting documents required by legislation and local mine procedures
---	--

	1.7. Coordinate activities with others throughout inspections
2. Inspect mine operations	2.1. Conduct inspections as detailed in legislative requirements and local mine procedures 2.2. Respond immediately to instances of non-compliance to regulatory or other operational practices which endanger personnel 2.3. Discuss inspection findings with responsible parties and initiate a response to restore operational safety and site compliance 2.4. Record results of inspections and process records in accordance with legislative requirements and local mine procedures

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
