RIIOGD402E Participate in nippling-up and pressure tests

Release: 1

RIIOGD402E Participate in nippling-up and pressure tests

Modification History

Release	Comments
Release 1	This version first released with RII Resources and Infrastructure Industry Training Package Version 5.0.

Application

This unit describes the skills and knowledge required to participate in nippling-up and pressure tests in drilling.

This unit applies to those working in assistant roles. They generally perform tasks involving a broad range of varied activities most of which are complex and non-routine and are responsible for the quantity and quality of the output of others.

Licensing, legislative and certification requirements that apply to this unit can vary between states, territories, and industry sectors. Users must check requirements with relevant body before applying the unit.

Unit Sector

Drilling

Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Plan and prepare for nippling-up and pressure testing	1.1 Obtain, interpret and confirm work requirements 1.2 Access, interpret and apply documentation for participating in nippling-up and pressure testing and confirm work activity is compliant 1.3 Identify and minimise environmental issues and potential hazards, and assess and address risks within scope of own role and according to workplace procedures 1.4 Select and wear personal protective equipment required for work activities 1.5 Communicate with other personnel at site according to work requirements and confirm briefings and handover details are

ELEMENT	PERFORMANCE CRITERIA
	communicated and received 1.6 Check and adjust casing bowl and position level 1.7 Perform blow out prevention (BOP) test as per operator's written instructions 1.8 Carry out rig-up to drill-out operations 1.9 Carry out pressure tests prior to drilling out and record results
2. Pressure testing during intermediate and/or main holes	2.1 Confirm pressure test program and timing 2.2 Check cup testers and plugs for sizing and integrity 2.3 Monitor and maintain stack within deviation limit
3. Conduct housekeeping activities	3.1 Clean, check, maintain and store plant, tools and equipment 3.2 Report issues identified with plant, tools and equipment

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

SKILL	DESCRIPTION
Reading	Identifies and interprets complex information from workplace procedures, documentation and regulations

Unit Mapping Information

Supersedes and is equivalent to RIIOGD402D Participate in nippling-up and pressure test.
