Description

This skill set addresses the skills and knowledge to work in underground shotfiring in a coal mining context.

Pathways Information

The units provide credit towards a RII30220 Certificate III in Underground Coal Operations qualification and other qualifications that allow for selection of these units.

Licensing/Regulatory Information

Licensing, legislative, regulatory and certification requirements that apply to this skill set can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the skill set.

Skill Set Requirements

RIIBLA205E Store, handle and transport explosives
RIIBLA302E Conduct shotfiring operations in underground coal mines
RIIBLA305E Conduct secondary blasting

Target Group

This skill set is for individuals who work in a coal mining underground shotfiring context, and who work under direct supervision in operational roles.

Suggest words for Statement of Attainment

These units of competency from the Resources and Infrastructure Industry (RII) Training Package meet industry requirements for those working in underground shotfiring, in a coal mining context.
