Assessment Requirements for SFIAQU206 Feed stock

Release: 1

Assessment Requirements for SFIAQU206 Feed stock

Modification History

Release	Comments
Release 1	This version released with SFI Seafood Industry Training Package Version 1.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has conducted stock feeding activities for aquaculture on at least one occasion, including:

- communicating and reporting on feeding activities with supervisor
- using personal protective equipment
- preparing and loading feeding equipment with correct quantity of feed
- using the appropriate feeding techniques for stock
- completing accurate records on stock and feeding observations
- cleaning up work area and storing tools and equipment post-feeding.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- basic characteristics of normal and abnormal stock feeding behaviour
- effects of water and environmental conditions on stock feeding behaviour
- feeding equipment types, handling requirements and operating methods
- storage requirements to maintain quality of feed
- types and quantities of feed required for workplace stock
- health and safety practices and biosecurity measures used when feeding stock.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in an aquaculture workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:

- feeding equipment appropriate for stock and workplace
- personal protective equipment
- stock to feed
- feed for stock
- data or recording sheets
- specifications:
 - feeding schedule and workplace procedures for feeding stock
- relationships:
 - evidence of interactions with supervisor.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
