Assessment Requirements for SFICPL203 Promote sustainable use of local marine and freshwater environments

Release: 1

Assessment Requirements for SFICPL203 Promote sustainable use of local marine and freshwater environments

Modification History

Release	Comments
Release 1	This version released with SFI Seafood Industry Training Package Version 1.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has promoted sustainable use of local marine and freshwater environments as part of one presentation or display on at least one occasion, including:

- collecting, analysing and organising information in a logical sequence for presentation
- selecting and using presentation media and communication methods appropriate to the audience and purpose/message
- communicating clearly and effectively to the audience within the presentation timeframe
- suggesting approaches to improve the presentation based on audience feedback.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- statutory and policy requirements relevant to sustainable use of marine and freshwater environments, including:
 - commonwealth, state or territory and local government
 - agency policies and procedures
 - community standards and regulations
 - existence of any native titles
 - codes of practice
- sustainable use of local marine and freshwater environments
- significance of sacred and other cultural sites in local marine and freshwater environments
- significance of cultural activities, including customary fishing practices or use of other marine resources
- time management and planning techniques for effective presentations
- types and uses of commonly used presentation and display media

- appropriate communication techniques for presentation to public audiences
- health and safety principles for public presentation and display activities
- procedures for accessing and using interpreter/assistive technology.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a presentation or exhibition setting or an environment that accurately represents workplace conditions
 - venue
- resources, equipment and materials:
 - overhead projector
 - computer and peripheral equipment
 - other display equipment and resources
- specifications:
 - access to legislation, policies and codes of practice relating to sustainable use of marine and freshwater environments
 - workplace procedures for promotional activities, including advice on safe work practices.
- relationships:
 - evidence of interactions with audience.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
