Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has undertaken a patrol operation on at least one occasion, including:

- maintaining professional presence and communication during the patrol
- applying appropriate responses for non-compliance
- applying conflict resolution, incident de-escalation, restraining and/or self-defence tactics relevant to the situational behaviour or problem
- identifying and documenting patrol information and issues
- preparing for and briefing staff on emergency procedures.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- legislation, policies and procedures and codes of practice relating to patrol operations, including:
 - anti-discrimination Acts
 - disability Acts
 - Indigenous land rights and cultural activities, including traditional fishing methods
 - jurisdictional laws and regulations relating to fisheries management and fisheries compliance activities
 - jurisdictional policy and procedures covering compliance checks related to fisheries management and safety issues
 - general duty of care responsibilities
- potential risks associated with operational patrolling
- human behaviour and the impacts of age, gender, ethnicity, social background and recreational practices, such as drugs and alcohol, in managing non-compliance

- strategies to optimise safety under a range of operational scenarios
- the ‘use of force’ and its legal parameters
- emergency response and assistance procedures for undertaking patrol operations.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a patrol setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - communications equipment
 - other equipment and resources required to support the operation
- specifications:
 - access to relevant legislation, regulations and policies relating to patrol operations
 - workplace policies and procedures, including safety and operating procedures
- relationships:
 - evidence of interaction with team members.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
