Assessment Requirements for SFIXSI102 Communicate in the seafood industry

Release: 1

Assessment Requirements for SFI XSI102 Communicate in the seafood industry

Modification History

Release	Comments
Release 1	This version released with SFI Seafood Industry Training Package Version 1.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has applied basic communication techniques in the workplace, including:

- completing at least three day-to-day routine tasks in the workplace complying with instructions and displayed work-related notices
- participating effectively in one workplace discussion
- completing a work-relevant form that includes the estimation and calculation of a workplace measure.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- communication procedures, systems and technology relevant to the workplace and the individual's work responsibilities
- different communication styles
- barriers to communication
- forms used in the workplace
- basic mathematical processes of addition, subtraction, division and multiplication, and estimating measures.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in a seafood industry workplace or an environment that accurately represents workplace conditions

- resources, equipment and materials:
 - notices commonly found in the workplace
 - simple forms and documents
- specifications:
 - instructions or procedures for routine tasks
 - tasks or activities requiring calculation of routine data and recording of basic information
- relationships:
 - evidence of interactions with supervisor and team members.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
