Application

This unit describes the performance outcomes, skills and knowledge required to apply, maintain and remove acrylic nails.

It requires the ability to consult with clients, select suitable products and techniques, and apply acrylic nail enhancement that includes overlays, refills, tips, and French. The acrylic nail enhancement service can be an individual service or form part of a series of services.

This unit applies to beauty therapists and nail technicians who work in beauty and nail salons, and spas. In this environment they may work in a team or autonomously. They have knowledge and skills across a range of nail products and application techniques.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
