Assessment Requirements for SHBHCUT013 Provide men's general grooming services

Release: 1

Assessment Requirements for SHBHCUT013 Provide men's general grooming services

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- consult with at least five clients, recommend general grooming services and cumulatively complete the following services which consistently achieve desired outcomes to client satisfaction:
 - trimming eyebrows
 - trimming moustaches
 - trimming ear hair
 - front of neck shave under beard line.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- types of tools and techniques used for precision grooming of eyebrow, moustache and ear hair
- contraindications to shaving:
 - contagious disorders of the skin
 - abnormal skin conditions
 - presence of blemishes or moles
 - sunburn
- the effects on skin and hair of:
 - pre-conditioning products and hot towels
 - after-shave conditioning products and cold towels
- shaving patterns and directions, in relation to hair growth, and the impact on the finished result
- cleaning techniques and uses of cleaning and disinfection products for grooming and shaving equipment
- basic aspects of local government, state or territory health regulations for:
 - hygiene and infection control for grooming and shaving
 - skin penetration
 - use of razor types, with emphasis on the prohibition of straight razor use

- industry practices and organisational procedures for:
 - client comfort, safety and hygiene with particular emphasis on:
 - using gowns to protect client clothes
 - monitoring client comfort
 - preventing cross-transmission of infection between customers
 - work health, safety and hygiene for grooming, with particular emphasis on:
 - using correct posture and adjusting height of client chair to avoid fatigue and injury
 - using correct techniques to hold, grip and manipulate grooming and shaving tools to avoid fatigue and injury
 - preventing cross-transmission of infection during customer contact
 - waste disposal with particular emphasis on environmentally sound disposal methods for hair waste.

Assessment Conditions

Skills must be demonstrated in a hairdressing or barbering environment; this can be:

- a hairdressing or barbering industry workplace or
- a simulated hairdressing or barbering workplace, set up for the purpose of skills assessment that provides services to paying members of the public.

Assessment must ensure use of:

- paying clients with different grooming requirements; these can be:
 - clients in a hairdressing or barbering industry workplace, or
 - clients in a simulated hairdressing or barbering workplace within a training organisation who have the expectation that the services provided reflect those of a commercial business
- sufficient client traffic to allow for prioritisation of tasks so that clients are serviced effectively in a logical sequence
- activities that require the individual to work with commercial speed, timing and productivity to:
 - deal with multiple tasks simultaneously
 - complete client services within designated timeframes that reflect accepted industry practice
- basins with hot and cold running water and adjustable temperature controls
- a hairdressing or barbering services workstation with:
 - one mirror per workstation
 - one adjustable client services chair per workstation
 - clean client gowns or wraps
 - clean client towels
 - grooming scissors
 - electric clippers and fine trimming attachments

- battery operated or cordless rechargeable fine grooming trimmers
- disposable blade safety razors
- disposable razor blades
- cutting combs with fine and coarse ends
- shaving brushes
- bowls
- shaving lather
- pre-shave conditioning oil
- after shave products:
 - after shave lotion or conditioning cream
 - styptic lotion (not pencil)
 - talcum powder
- disinfectant products for grooming and shaving tools
- lubricants and coolants for electric clippers
- product instructions
- current plain English regulatory documents distributed by government regulators for health, hygiene, skin penetration and use of razor types
- organisational procedures for:
 - client comfort, safety and hygiene
 - work health, safety and hygiene for grooming and shaving
 - waste minimisation
 - disposal of hair waste.

Assessors must satisfy the Standards for Registered Training Organisation's requirements for assessors; and:

- hold a Certificate III in Hairdressing, or a Certificate III in Barbering, or a Certificate IV in Hairdressing, or be able to demonstrate equivalence of competencies; and
- have at least three years full time employment experience as a hairdresser in a salon environment where they have applied the skills and knowledge covered in this unit of competency to assess this unit as part of a hairdressing qualification; this cannot include any indentured traineeship or apprenticeship period; or
- have at least three years full time employment experience as a barber in a shop or salon environment where they have applied the skills and knowledge covered in this unit of competency to assess this unit as part of a barbering qualification; this cannot include any indentured traineeship or apprenticeship period.
