Assessment Requirements for SIFEMWK006 Set facial features

Release: 1

Assessment Requirements for SIFEMWK006 Set facial features

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to:

- disinfect, close facial body cavities, set facial features, and shave facial hair if required, using correct techniques and following work health and safety/occupational health and safety and infection control practices
- prepare mortuary area and select and use the required instruments and equipment
- clean, disinfect and sterilise the mortuary area, instruments and equipment at conclusion of the treatment.

Evidence of performance of setting facial features on two or more occasions is required to demonstrate consistency of performance and ability to respond to different situations.

Knowledge Evidence

Demonstrated knowledge of:

- mortuary instruments and equipment used for setting facial features and their associated uses
- preparation requirements for the mortuary area
- properties and uses of germicidal sprays and disinfectants
- structure and functions of the system of the face in relation to setting facial features
- facial dimensions for correct alignment of features
- techniques for setting facial features
- workplace policies and procedures for cleansing, disinfecting and setting facial features
- environmentally sound disposal methods for all types of waste and in particular for hazardous substances
- funeral services industry parameters and protocols for dealing with the deceased, including social cultural and religious requirements considerations
- federal, state or territory, and local government legislation and regulations relating to work health and safety/occupational health and safety, infection control and handling human remains.

Assessment Conditions

Skills must be demonstrated in a mortuary workplace:

- using suitable equipment and resources, including:

- deceased bodies
- mortuary instruments, equipment including personal protective equipment and chemicals
- under industry operating conditions where there is:
 - integration of tasks with possible interruptions to work typical of the job role
 - speed and timing requirements that reflect commercial operating conditions

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
