SIS40122 Certificate IV in Sport, Aquatics and Recreation

Release 1

SIS40122 Certificate IV in Sport, Aquatics and Recreation

Modification History

Not applicable.

Qualification Description

This qualification reflects the role of individuals who coordinate operational logistics for recreation services. It applies to senior technical and operational staff who work independently or with limited guidance from others. They take responsibility for their own work functions and outputs, and supervise the work of others.

Specialisations are available in customer service, aquatic technical operations, recreation programs and swim school coordination but are not mandatory to achieve this qualification.

This qualification provides a pathway to work for any type of sport, aquatic or recreation organisation including commercial, not-for-profit, community and government organisations.

The skills in this qualification must be applied in accordance with Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this qualification at the time of publication.

Entry Requirements

There are not entry requirements for this qualification.
