SISSS00134 Inland Open Water Lifeguard

Release 1

SISSS00134 Inland Open Water Lifeguard

Modification History

Not applicable.

Description

A set of skills to supervise the safety of patrons in an aquatic open water environment and manage water-based rescues and emergencies.

Open water environment can include natural flatwater swimming and recreation areas such as lakes, lagoons, dams, flatwater or slow moving rivers without rapids and non-surf beaches. Environments can also include built recreational facilities such as wave parks which replicate a natural environment.

Pathways Information

Achievement of these units provides credit towards SIS30122 Certificate III in Sport, Aquatics and Recreation.

Licensing/Regulatory Information

No occupational licensing, certification or specific legislative requirements apply to this skill set at the time of publication.
