SISXFAC006 Maintain activity equipment

Release: 1

SISXFAC006 Maintain activity equipment

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to complete routine maintenance and minor repairs on sport, fitness, aquatic or recreation activity equipment, and to appropriately store equipment. Complex repairs would be referred to specialist service technicians.

This unit applies to any type of sport, fitness, aquatic or recreation organisation including commercial, not-for-profit, community and government organisations. It can be applied to any type of environment, and to specific equipment used for any type of sport, fitness, aquatic or recreation activity.

It applies to individuals working in a range of sport, fitness, aquatic or recreation roles at different levels of responsibility. All would be guided by manufacturer instructions and organisational maintenance schedules.

The skills in this unit must be applied in accordance with Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

Pre-requisite Unit

Competency Field

Facility Management

Unit Sector

Cross-Sector

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes.

1. Complete routine equipment

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

- 1.1. Interpret organisational maintenance schedules and manufacturer guidelines to determine maintenance

maintenance.	requirements.
	1.2. Examine activity equipment and complete routine maintenance according to manufacturer instructions.
	1.3. Complete periodic safety and serviceability checks on emergency equipment according to organisational schedules.
2. Complete minor equipment repairs on activity equipment.	2.1. Tag, isolate and report faulty activity equipment according to organisational procedures.
	2.2. Complete minor non-specialist equipment repairs according to manufacturer instructions.
	2.3. Inspect and maintain maintenance tools regularly, and complete minor repairs according to manufacturer instructions.
	2.4. Report other required repairs outside scope of skills and responsibility according to organisational procedures.
	2.5. Complete repair and maintenance records according to organisational procedures.
3. Store activity equipment to maintain serviceable condition.	3.1. Handle activity equipment using safe manual handling techniques and store in appropriate conditions according to manufacturer instructions.
	3.2. Maintain order of storage facility to allow safe and efficient access to equipment, and safe exit in the case of an emergency.
	3.3. Secure storage facilities when unattended according to organisational procedures.

Foundation Skills

Foundation skills essential to performance in this unit, but not explicit in the performance criteria are listed here, along with a brief context statement.

SKILLS	DESCRIPTION
Reading skills to:	interpret potentially unfamiliar and complex manufacturer instructions.
Writing skills to:	use fundamental sentence structure to complete basic repair and maintenance forms and reports that require factual information.
Planning and organising skills to:	schedule time into day-to-day activities to complete maintenance activities as part of a logical and time-efficient workflow.

Unit Mapping Information

Supersedes and is equivalent to SISXFAC001 Maintain equipment for activities.
