Unit Descriptor

This unit describes the performance outcomes, skills and knowledge required to teach players intermediate netball skills. It requires the ability to plan, conduct and evaluate drills, activities, and games which focus on player development of the intermediate skills of netball.

Application of the Unit

This unit applies to those netball coaches known as Development Coaches who operate autonomously at a local or regional level to plan and implement training sessions and games to develop intermediate level netball skills for players at both a junior and senior level.

Licensing/Regulatory Information

Netball Australia governs the game of Netball in Australia through its affiliated network of member organisations. The netball sector recommends that teams engage only accredited coaches who participate in Netball Australia's National Coaching Accreditation Scheme (NCAS).

Netball Australia has specific training and assessment requirements for the industry accreditation of coaches. Those developing training and assessment to support this unit should undertake consultation with Netball Australia, acting as the industry occupational registration body, to determine any specific arrangements for courses, trainers and assessors and any partnership arrangements which will facilitate RPL for candidates to achieve coach registration status as a Development Coach.

Method of assessment

A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:

- observation of planning processes, such as talking with participants to determine their needs and characteristics
- oral or written questioning to assess knowledge of relevant rules, regulations and policies
- observation of safe netball coaching to an intermediate level and monitoring and adjusting activities that meet participant's needs, characteristics and responses
- evaluation of portfolios of session plans and self and player evaluations
- evaluation of third-party reports from coaches or umpires detailing performance.

Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended, for example:

- SISSNTB408A Teach intermediate level netball tactics and game strategy.
