SITHASC034 Prepare Chinese roast meat and poultry dishes

Release: 1

SITHASC034 Prepare Chinese roast meat and poultry dishes

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to prepare and cook roast meats and poultry for Chinese cuisines. It requires the ability to select and prepare ingredients, and to use relevant equipment and cookery methods.

The unit applies to hospitality and catering organisations that offer Chinese cuisine and to cooks who usually work under the guidance of more senior chefs.

It mainly applies to Cantonese and Peking cooking but may also be relevant to other regional styles.

The skills in this unit must be applied in accordance with Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

Pre-requisite Unit

Unit Code	Unit Title
-----------	------------

SITXFSA005	Use hygienic practices for food safety
------------	--

Competency Field

Asian Cookery

Unit Sector

Hospitality

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

1. Select ingredients.
 - 1.1. Confirm food production requirements from standard recipes.
 - 1.2. Calculate ingredient amounts according to requirements.
 - 1.3. Identify and select meat or poultry cuts for roasting from stores according to recipe, quality, freshness and stock rotation requirements.
 - 1.4. Select other ingredients and marinades according to recipe specification.
2. Select, prepare and use equipment.
 - 2.1. Select type and size of knives and equipment suitable to requirements.
 - 2.2. Safely assemble and ensure cleanliness of equipment before use.
 - 2.3. Use knives and other equipment safely and hygienically according to manufacturer instructions.
3. Portion and prepare ingredients.
 - 3.1. Thaw frozen meat or poultry safely.
 - 3.2. Sort and assemble ingredients according to food production sequencing.
 - 3.3. Measure, weigh and portion ingredients according to recipe requirements.
 - 3.4. Select and use meat or poultry preparation techniques according to recipe requirements.
 - 3.5. Minimise waste to maximise profitability of food items prepared.
4. Cook roast meat and poultry.
 - 4.1. Select and use appropriate cookery processes.
 - 4.2. Prepare marinades, stuffings and accompaniments as required.
 - 4.3. Follow standard recipes and make food quality adjustments within scope of responsibility.
5. Present and store roast meat and poultry cuts.
 - 5.1. Portion and serve meat or poultry according to recipe requirements.
 - 5.2. Carve and portion meat or poultry using appropriate tools and techniques, taking account of meat and bone structure and waste minimisation.
 - 5.3. Add sauces and garnishes according to standard recipes.
 - 5.4. Visually evaluate dish and adjust presentation.
 - 5.5. Store dishes in appropriate environmental conditions.
 - 5.6. Clean work area and dispose of or store surplus and re-usable by-products according to organisational procedures,

environmental considerations and cost-reduction initiatives.

Foundation Skills

Foundation skills essential to performance in this unit, but not explicit in the performance criteria are listed here, along with a brief context statement.

SKILLS	DESCRIPTION
Reading skills to:	- locate information in standard recipes to determine food preparation requirements - interpret manufacturer instructions for equipment - locate and read date codes and rotation labels on food products.
Writing skills to:	record notes on recipe requirements.
Numeracy skills to:	- calculate the number of portions - determine cooking times and temperatures - measure quantities of ingredients using simple measuring instruments.
Problem-solving skills to:	- evaluate quality of ingredients and finished dishes and make adjustments to ensure a quality product - adjust taste, texture and appearance of food products according to identified deficiencies.
Planning and organising skills to:	efficiently sequence the stages of food preparation and production.
Self-management skills to:	manage own speed, timing and productivity.

Unit Mapping Information

Supersedes and is equivalent to SITHASC015 Prepare Chinese roast meat and poultry dishes.

Assessment Requirements for SITHASC034 Prepare Chinese roast meat and poultry dishes

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- prepare two Chinese roast meat and two Chinese poultry dishes using each of the following cookery methods at least once (at least once across the preparation of the four dishes):
 - barbecuing
 - basting
 - roasting
 - smoking
- prepare the above four dishes using the following processes for preparing different cuts and types of meat or poultry as appropriate:
 - carving
 - cutting
 - drying
 - marinating
 - rolling
 - skewering
 - tenderising
 - trimming
- prepare, plate and present above dishes:
 - within commercial time constraints
 - following procedures for portion control and food safety practices when handling and storing Chinese roast meats and poultry
 - responding to at least one special customer request.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- culinary terms and trade names for:
 - ingredients commonly used in the production of different roast meat and poultry dishes
 - different cuts of meat and poultry and styles of cooking

- contents of date codes and rotation labels for stock
- characteristics of meat and poultry products and finished dishes:
 - appearance
 - fat content
 - freshness and other quality indicators
 - historical and cultural derivations
 - primary, secondary and portioned cuts
 - taste
 - texture
- preparation processes listed in the performance evidence for different cuts and types of meat and poultry
- preparation process for mincing meat
- appropriate environmental conditions for storing meat and poultry products to:
 - ensure food safety
 - optimise shelf life
- knife care and maintenance
- safe operational practices for using essential functions and features of spit roast equipment used when preparing roast meat and poultry dishes.

Assessment Conditions

Skills must be demonstrated in an operational commercial kitchen. This can be:

- an industry workplace; or
- a simulated industry environment, such as an industry-realistic training kitchen servicing customers.

Assessment must ensure access to:

- fixtures and large equipment:
 - barbecues
 - commercial:
 - blenders and food mills
 - food processors
 - commercial grade work benches (1.5m/person)
 - commercial ovens with trays (one per two persons)
 - flat top grill or char grill
 - commercial refrigeration facilities:
 - freezer
 - fridge
 - designated storage area for dry goods and perishables
 - sink
- small equipment:

- containers for hot and cold food
- cutting boards
- cleavers:
 - heavyweight
 - lightweight
 - butcher
- measures:
 - metric calibrated measuring jugs
 - measuring spoons
 - portion controlled scoops
- meat:
 - bats
 - hooks
- thermometer
- scales
- sets of stainless steel bowls
- sharpening steels and stones
- food safe gloves
- diverse and comprehensive range of perishable food supplies for Asian cookery
- cleaning materials and equipment:
 - cleaning cloths
 - commercial cleaning and sanitising agents and chemicals for cleaning commercial kitchens, equipment and food storage areas
 - dustpans and brooms
 - garbage bins and bags
 - hand towel dispenser and hand towels
 - mops and buckets
 - separate hand basin and soap for hand washing
 - sponges, brushes and scourers
 - tea towels
- organisational specifications:
 - equipment manufacturer instructions
 - current commercial stock control procedures and documentation for ordering, monitoring and maintaining stock
 - mise en place lists and standard recipes
 - food safety plan
 - guidelines relating to food disposal, storage and presentation requirements
 - safety data sheets (SDS) for cleaning agents and chemicals
- safe working environment.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors; and:

- have worked in industry for three years where they have applied the skills and knowledge of this unit of competency.
