Qualification Description

This qualification reflects the roles of individuals delivering training and assessment services in the vocational education and training (VET) sector.

This qualification (or the skill sets derived from units of competency within it) is also suitable preparation for those engaged in the delivery of training and assessment of competence in a workplace context, as a component of a structured VET program.

The volume of learning of a Certificate IV in Training and Assessment is typically six months to two years.

Licensing/Regulatory Information

Achievement of this qualification by trainers is a requirement of the Standards for Registered Training Organisations (RTOs) 2015.

Entry Requirements

Those entering this program must be able to demonstrate vocational competency in their proposed teaching and assessing area. Vocational competency is defined as broad industry knowledge and experience, and may include, but is not limited to, holding a relevant unit of competency or qualification.
