Performance Evidence

The candidate must show evidence of the ability to complete tasks outlined in the elements and performance criteria of this unit, including:

- preparation and presentation of a minimum of two examples of learning strategies designed by the candidate, with differentiated design structures in each that:
 - reflect the specific requirements of the qualification or skill set, and
 - reflect client needs and the contexts of application
- documentation of a review that provides outcomes and evidence of continuous improvement.

Knowledge Evidence

The candidate must be able to demonstrate essential knowledge to effectively complete the task outlined in the elements and performance criteria of this unit. This includes knowledge of:

- Training Packages, including the content of Training Packages relevant to the learning strategy
- accredited courses and the similarities and differences between them and the skill sets, or qualifications, within training packages
- NVR/AQTF requirements for Registered Training Organisations (RTOs) in terms of their effect on the design, and development, of learning strategies
- The Australian Qualifications Framework (AQF) including:
 - key features of each qualification type
 - AQF pathways policy including credit transfer
- industry and enterprise requirements, including:

- those relevant to the learning strategy
- industry licensing arrangements, where relevant
- the main branches of learning theory incorporating behavioural learning theory, cognitive learning theory, experiential learning theory, information processing theory and current research on learning, as it relates to teaching in an adult environment
- assessment approaches, including:
 - the basis and rationale for different assessment methods appropriate to the learning strategy.
