TAESS00026 Foundation Skills Integration Skill Set

Release 1

TAESS00026 Foundation Skills Integration Skill Set

Modification History

Release	Comments
Release 1	This skill set was first released with TAE Training and Education Training Package Version 5.0. Supersedes TAESS00009 Foundation Skill Sets. Superseded units have been updated.

Description

This skill set addresses the skills and knowledge required to identify foundation skill demands in nationally recognised training products and integrate the appropriate support, which may be in a workplace, learning or assessment context.

Pathways Information

These units provide credit towards TAE40122 Certificate IV in Training and Assessment and other qualifications that allow for selection of these units.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

- TAELLN421 Integrate core skills support into training and assessment
- TAELLN422 Use foundation skills resources, strategies and advice
- TAELLN423 Integrate employability skills support into training and assessment

Target Group

This skill set is for vocational education and training (VET) teachers, trainers and assessors who use a range of technical and training competencies to integrate awareness of foundation skills requirements into their training and assessment.

Suggested words for Statement of Attainment

These units of competency from the TAE Training and Education Training Package meet industry requirements for vocational trainers and assessors integrating foundation skills into their own vocational practice.
