TLI31321 Certificate III in International Freight Forwarding (Operator)

Release 1

TLI31321 Certificate III in International Freight Forwarding (Operator)

Modification History

Release 1. This is the first release of this qualification in the TLI Transport and Logistics Training Package.

Qualification Description

This is a qualification for those engaged in international freight forwarding job roles at an operational level within the international freight forwarding industry.

It involves a broad range of skilled applications, applied in a wide variety of contexts, which may involve application of some discretion and judgement in selecting equipment, services or contingency measures. It may also include responsibility for coordinating the work of others.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

A total of **13 units of competency** comprising:

- **8 core units** listed below, **plus**
- **5 general elective units** from the general elective units listed below.

Up to **2 of the general elective units** may be selected from any relevant nationally endorsed Training Package or accredited course. The general elective units must contribute to the vocational outcomes of the qualification.

Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with.

Where a prerequisite is attached to a unit it is identified by the symbol L.
