TLI31421 Certificate III in Light Rail Driving

Release 2

TLI31421 Certificate III in Light Rail Driving

Modification History

Release 2. This is the second release of this qualification in the TLI Transport and Logistics Training Package. The following unit has been updated in the general elective group:

- TLIO0005 Provide revenue protection measures.

Release 1. This is the first release of this qualification in the TLI Transport and Logistics Training Package.

Qualification Description

This is a general qualification for a person who drives a light rail train or tram within a metropolitan or suburban transport environment.

It involves a broad range of skilled applications applied in a wide variety of contexts, which may involve application of some discretion and judgement in selecting equipment, services or contingency measures. It may also include responsibility for coordinating the work of others.

Job roles

Job roles and titles vary across different sectors. Possible job titles relevant to this qualification include:

- tram driver
- light rail driver.

No licensing legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

A total of **16 units** of competency comprising:

- 13 core units listed below, plus
- 3 general elective units from the general elective units listed below.

Up to **2 of the general elective units** may be selected from any relevant nationally endorsed Training Package. The general elective units must contribute to the vocational outcomes of the qualification.

Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with.
