TLI32820 Certificate III in Rail Yard Coordination

Release 1

TLI32820 Certificate III in Rail Yard Coordination

Modification History

Release 1. This is the first release of this qualification in the TLI Transport and Logistics Training Package.

Qualification Description

This is a qualification for a person engaged in the rail yard or terminal environment.

It involves a broad range of skilled applications, applied in a wide variety of contexts, which may involve application of some discretion and judgement in selecting equipment, services or contingency measures. It may also include responsibility for coordinating the work of others.

Job roles

This qualification is aligned to the following defined roles:

- yard coordinator
- terminal coordinator.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

A total of **18 units of competency** comprising:

12 core units listed below, **plus**

6 general elective units from the general elective units listed below.

Up to **3 of the general elective units** may be selected from any relevant nationally endorsed Training Package. The general elective units must contribute to the vocational outcomes of the qualification.

Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with.

Core units

TLIB2122 Apply awareness of fundamentals of rail operations in yards or sidings

TLIE3021 Work and communicate effectively with others

TLIE3022	Complete workplace documents
TLIF0020	Safely access the rail corridor
TLIF2006	Apply accident-emergency procedures
