Assessment Requirements for TLIC0014

Drive taxi

Release: 1

Assessment Requirements for TLIC0014 Drive taxi

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria on at least one occasion and include:

- applying precautions and required action to minimise, control or eliminate identified hazards
- applying relevant legislation, work health and safety (WHS)/occupational health and safety (OHS) practices and workplace policies and procedures
- applying safe driving techniques to avoid hazards
- driving a taxi, including:
 - managing engine power
 - parking, shutting down and securing taxi
 - positioning taxi
 - refuelling
 - starting taxi
 - steering and manoeuvring taxi
 - stopping taxi
- driving in typical road transport situations, including adjusting for weather conditions
- driving taxi in accordance with road rules and manufacturer recommendations
- monitoring and prioritising work activities
- monitoring performance of taxi, electronic equipment and systems and taking appropriate action, as required
- reporting identified problems, faults or malfunctions, security incidents and accidents in accordance with workplace policies and procedures.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria and include knowledge of:

- driving hazards and related safe driving techniques
- factors that may cause traffic delays and diversions and related actions that can be taken
- pre-operational checks carried out on taxi and related actions
- procedures to be followed in an emergency or breakdown
- relevant state/territory legislation, permit and licence requirements
- relevant WHS/OHS policies and procedures
- safe and efficient driving techniques
- taxi security procedures and precautions
- workplace driving and operational instructions.

Assessment Conditions

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Practical driving aspects must be assessed in a vehicle typical of that used in industry, be roadworthy and driven in typical driving conditions.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation, including legislation, regulations, codes of practice, workplace procedures and operation manuals.
