Assessment Requirements for TLID0042 Handle furniture and effects

Release: 1

Assessment Requirements for TLID0042 Handle furniture and effects

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying precautions and required action to minimise, control or eliminate identified hazards
- applying relevant legislation and workplace procedures to handling, loading and unloading furniture items and effects
- communicating and working effectively with others using a range of modes including oral, written or digital
- handling, loading and unloading furniture items and effects into vehicle or container
- identifying dangerous goods and other items that are prohibited carriage during a removal and taking appropriate action in accordance with regulatory requirements and workplace procedures
- identifying, selecting and correctly using relevant equipment such as tools, machinery, apparatus and devices
- implementing contingency plans and modifying activities
- monitoring and prioritising work activities in terms of planned schedule
- operating and adapting to differences in furniture, equipment and operating environment in accordance with workplace procedures
- reading, interpreting and following relevant instructions, procedures, information and signage
- selecting and using required personal protective equipment to conform to industry and work health and safety (WHS)/occupational health and safety (OHS) standards.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- communication devices and technology
- housekeeping standards and workplace procedures
- industry standards for handling furniture and effects
- insurance rights and responsibilities
- methods of securing a load on a removal vehicle
- risks for handling furniture and effects during a removal and related precautions to control

risks

- specialised lifting equipment and procedures for its use
- WHS/OHS procedures and guidelines for lifting and moving loads.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
