Assessment Requirements for TLID0043 Pack and unpack cartons during a removal

Release: 1

Assessment Requirements for TLID0043 Pack and unpack cartons during a removal

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying precautions and required action to minimise, control or eliminate identified hazards
- applying relevant legislation and workplace procedures to packing and unpacking cartons during a removal
- communicating and working effectively with others using appropriate modes such as oral, written and digital
- completing housekeeping activities after removal
- identifying fragile or valuable items
- modifying activities depending on operational contingencies, risk situations and environments
- monitoring and prioritising work activities in terms of planned schedule
- operating and adapting to differences in items and effects to be packed and unpacked
- reading, interpreting and following relevant instructions, procedures, information and signage
- working systematically with required attention to detail without injury to self or others, or damage to goods or equipment.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- applicable regulations and legislation such as:
 - relevant state/territory environmental protection legislation
 - relevant state/territory work health and safety (WHS)/occupational health and safety (OHS) legislation
- housekeeping standards and workplace procedures
- insurance rights and responsibilities relating to packing process of removal
- packing techniques for various types of items and effects
- risks when packing and unpacking cartons during a removal and related precautions to control the risk
- various types of packing materials and tools

- workplace procedures and policies for packing and unpacking cartons.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
