Assessment Requirements for TLID0045

Coordinate furniture removal

Release: 1

Assessment Requirements for TLID0045 Coordinate furniture removal

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying relevant legislation, workplace procedures and industry standards
- communicating effectively with others
- identifying hazardous or dangerous items unacceptable for removal
- interpreting and following operational instructions and prioritising work
- monitoring work activities in terms of removal documentation such as inventories and loading plans
- operating a range of communications equipment according to workplace procedures
- monitoring timelines and applying strategies to minimise delays
- reading, interpreting and following relevant instructions, procedures, information and signage
- reporting and addressing identified problems promptly, in accordance with regulatory requirements and workplace procedures
- working collaboratively with others during a removal
- working systematically with required attention to detail to avoid injury to self or others or damage to furniture or equipment.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- critical factors for positioning removal vehicles
- customer/client service requirements including appropriate presentation, personal hygiene, language, courtesy, behaviour and problem solving
- furniture removal procedures and codes of practice
- hazards and related hazard control measures
- items unsuitable for removal and associated reasons
- load restraint
- organisational workplace procedures
- procedures for items requiring special requirements
- removal documentation and signed agreements completed during removal survey and related

procedures

- relevant agreements and legislation applicable to furniture removal
- relevant state/territory road traffic authority licence and traffic regulations
- relevant vehicle parking safety requirements
- relevant work health and safety (WHS)/occupational health and safety (OHS) and environmental protection legislation and policies.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation, including workplace procedures, regulations, codes of practice and operation manuals
- relevant materials, tools, equipment and PPE currently used in industry.
