**Assessment Requirements for TLIF0077
Demonstrate knowledge of risk factors and
consequences in interacting with other road
users**

Assessment Requirements for TLIF0077 Demonstrate knowledge of risk factors and consequences in interacting with other road users

Modification History

Release 2. This is the second release of this unit of competency in the TLI Transport and Logistics Training Package:

- Minor statement changes in Assessment Conditions.

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- communicating effectively with others
- identifying high-risk behaviour
- identifying regulatory bodies
- identifying ways to reduce high-risk behaviour within peer group and self
- reading interpreting and following instructions, procedures and information.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- high-risk behaviour factors including:
 - alcohol
 - distraction
 - drugs
 - fatigue
 - hoon behaviour
 - inattention
 - speed (high speed or inappropriate for circumstances)
- other road users including:
 - cyclists and skaters
 - farm vehicles
 - heavy commercial vehicles
 - mobility scooters

- other drivers
- passengers
- pedestrians
- segways
- potential consequences of high-risk behaviours including:
 - economic impact
 - emotional reaction
 - financial effect
 - legal repercussions
 - physical injury
 - social repercussions
- risk factors and how they affect performance
- relevant Australian Road Rules
- relevant state/territory road and traffic authority.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include:

- a range of relevant exercises, case studies/and or simulations
- relevant materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation, including workplace procedures, regulations, Australian Road Rules, codes of practice and operation manuals.

Driving a vehicle is not part of the assessment of this unit of competency.

Simulators are not suitable for final assessment of this unit of competency.
