Assessment Requirements for TLII1002 Apply customer service skills

Release: 1

Assessment Requirements for TLII1002 Apply customer service skills

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying relevant legislation and workplace procedures
- communicating effectively with others when providing customer service, including using appropriate telephone techniques
- completing documentation related to providing customer service
- handling customer queries and complaints effectively
- interpreting and following operational instructions and prioritising work
- reporting and/or rectifying identified problems effectively, in accordance with regulatory requirements and workplace procedures
- reading and interpreting instructions, procedures, information and labels relevant to providing customer service
- working collaboratively with others to:
 - provide quality customer service
 - identify, define and solve problems
- working systematically with required attention to detail
- writing simple reports and records of inquiries.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- customer service policies and procedures
- products and/or services provided by the workplace
- relevant duty of care responsibilities
- relevant work health and safety (WHS)/occupational health and safety (OHS) and environmental procedures and regulations
- sources of information and documentation needed for workplace operations

- types of operations carried out in the workplace
- workplace procedures relevant to work activities.

Assessment Conditions

As a minimum, assessors must satisfy applicable regulatory requirements, which include requirements in the Standards for Registered Training Organisations, current at the time of assessment.

As a minimum, assessment must satisfy applicable regulatory requirements, which include requirements in the Standards for Registered Training Organisations, current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment include:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment currently used in industry
- applicable documentation including workplace procedures, regulations, codes of practice and operation manuals.
