TLIPC0005 Demonstrate safe practices at work

Release: 1

TLIPC0005 Demonstrate safe practices at work

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit covers the skills and knowledge required to demonstrate safe practices at work.

It includes following work health and safety (WHS)/occupational health and safety (OHS) procedures, maintaining personal wellbeing, reporting on safety of self and others and dealing with emergency situations.

This unit is designed for entry-level workers or students interested in a supply chain career.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

PC – Pathways Certificate

Unit Sector

Not applicable.

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes.

1 Follow workplace WHS/OHS procedures

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

1.1 Relevant WHS/OHS, workplace hazard, control procedures and safe work practices are identified and followed

1.2 Workplace procedures for reporting hazards are identified and adhered to

- | | |
|---|--|
| | 1.3 All relevant work activities are undertaken in a safe manner according to WHS/OHS guidelines and workplace procedures |
| | 1.4 Work area is assessed regularly and procedures to report, remove or minimise potential hazards are followed |
| | 1.5 Personal protective equipment (PPE) is correctly used in accordance with safety and workplace procedures |
| 2 Maintain personal wellbeing in the workplace | 2.1 Risks to personal wellbeing that may affect safe performance in the workplace are identified |
| | 2.2 Procedures for maintaining a tidy and clean personal work area are identified and followed |
| 3 Respond to emergency situations | 3.1 Emergency procedures are followed in accordance with organisational procedures |
| | 3.2 Assistance from colleagues and/or other authorities is sought where appropriate |

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Non-essential conditions can be found in the TLI Transport and Logistics Training Package Companion Volume Implementation Guide.

Unit Mapping Information

This unit replaces and is equivalent to TLIPC1001 Demonstrate care and apply safe practices at work.

Assessment Requirements for TLIPC0005 Demonstrate safe practices at work

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria on at least one occasion and include:

- identifying and following relevant legislation and workplace procedures
- maintaining a clean workspace
- recognising own limitations and asking for assistance
- reporting workplace hazards and work health and safety (WHS)/occupational health and safety (OHS) incidents and hazards
- responding to emergency situations
- using required personal protective equipment (PPE) and other equipment required when following WHS/OHS procedures.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria and include knowledge of:

- applicable national, state/territory regulations
- appropriate safety standards
- emergency procedures
- PPE relevant to the job and job context
- procedures related to WHS/OHS to be followed in the work area concerned
- workplace hazards and control measures
- workplace materials, housekeeping equipment and the processes and procedures for use.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the

time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- relevant and appropriate materials, tools, equipment and PPE currently used in industry
- applicable documentation, including legislation, regulations, codes of practice, workplace procedures and operation manuals.
