Assessment Requirements for TLIR0001 Implement purchasing systems

Release: 1

Assessment Requirements for TLIR0001 Implement purchasing systems

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying relevant legislation and organisational policies and procedures
- communicating and working effectively with others
- completing relevant documentation including reports and documenting discrepancies
- identifying, sourcing and procuring purchasing requirements in accordance with organisational policies and procedures
- interpreting and following operational instructions and prioritising work
- modifying activities depending on operational contingencies, risk situations and environments
- reading and interpreting relevant instructions, procedures, information and signs
- reporting and/or rectifying identified problems, errors in data input, collection or measurement promptly, particularly in relation to cost, order quantity or quality.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- different types of purchasing systems, their use and applications
- enterprise purchase/sales records system
- relevant sections of national, state/territory legislative and regulatory requirements, and codes of practice, particularly those relating to trade practices and privacy of information
- relevant organisational policies and procedures
- requirements for completing relevant documentation, particularly in relation to systems implementation
- steps involved in planning work activities
- typical problems encountered in implementing purchasing systems and possible solutions.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training

Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation including organisational procedures, regulations, codes of practice and operation manuals.
