TLISS00237 Materiel Logistics Practitioner Skill Set

Release 1

TLISS00237 Materiel Logistics Practitioner Skill Set

Modification History

Release 1. This is the first release of this Skill Set in the TLI Transport and Logistics Training Package.

This Skill Set replaces but is not equivalent to the TLISS00095 Integrated Logistics Support Practitioner Skill Set.

This Skill Set replaces but is not equivalent to the TLISS00101 Logistics Sustainment Practitioner Skill Set.

Description

This Skill Set is for individuals who work as a specialist integrated logistics support (ILS) practitioner.

Pathways Information

The TLISS00237 Materiel Logistics Practitioner Skill Set is part of the TLI Transport and Logistics Training Package and is a pathway to Certificate IV in Materiel Logistics.

Licensing/Regulatory Information

Candidates should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **7 units of competency** must be attained.

PSPGEN113	Exercise delegations
PSPPCM002	Dispose of assets
PSPPCM028	Carry out basic procurement
TLIX0049	Apply knowledge of materiel logistics
TLIX0051	Apply materiel logistics processes and procedures
TLIX0058	Conduct materiel logistics activities
TLIX0064	Implement and monitor materiel logistics plans

Target Group

This Skill Set is for people interested in a practitioner role, generally in the acquisition phase of the materiel life cycle. A practitioner is part of the team and contributes to the overall management of the ILS program but is not responsible for the program.

Suggested words for Statement of Attainment

This TLISS00237 Materiel Logistics Practitioner Skill Set meets the industry requirements for the specialist materiel logistics practitioner role.
