Assessment Requirements for TLIX0039

Determine customs value

Release: 1

Assessment Requirements for TLIX0039 Determine customs value

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- accurately calculating the duty payable
- analysing information for valuation purposes
- calculating adjusted price
- calculating customs value
- determining price and adjusted price
- determining the transaction value
- identifying price-related costs
- identifying relevant import sales transaction for customs valuation purposes.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- alternative valuation methods
- date and place of export
- date of valuation
- factorisation of costs against goods
- price-related costs
- problems that may arise when determining customs valuations.
- rebates
- valuation provisions in accordance with Customs Act
- World Trade Organization (WTO) Customs Valuation Agreement.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the

time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation including workplace procedures, regulations, codes of practice and operation manuals.
