# **Assessment Requirements for TLIX0042**

## **Determine complex tariff classifications**

**Release: 1**

# Assessment Requirements for TLIX0042 Determine complex tariff classifications

## Modification History

**Release 1.** This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

## Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- determining the correct customs tariff classification for goods
- following processes for classifying goods
- gathering and analysing information
- identifying, interpreting and applying Legal Notes and General Rules of Interpretation (IRs) to the tariff classification of goods
- interpreting and applying Schedule 4 items, by-laws and tariff concession orders to goods.

## Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- application of the dash system
- application of IRs and Legal Notes
- classification of:
  - functional units
  - metals
  - multifunction machines
  - parts and accessories
  - sets
  - textiles
- Customs Act and associated regulations as amended
- Customs Tariff Act and associated Schedules and regulations
- Schedule 4 Items and their associated by-laws
- tariff concession orders.

## Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training

Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation including legislation, Administrative Appeals Tribunal (AAT) and case law and regulators guidance material.
