TLIX5010 Provide specialist integrated logistics support advice

Release: 1

TLIX5010 Provide specialist integrated logistics support advice

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to provide specialist advice related to integrated logistics support in accordance with relevant organisational policy and procedures.

This unit specifically addresses advice that is relevant to integrated logistics support activity and is not intended to cover technical advice that is provided in a broader context of the organisational endeavour or a professional discipline.

This unit was developed for integrated logistics support specialists working within materiel logistics but is applicable to individuals in broader logistics roles

Typically these individuals work independently or as part of a team under direct and/or indirect supervision, use discretion and judgement, and take responsibility for the quality of their outputs.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

X – Logistics

Unit Sector

Not applicable.
