TLISS00005 Conduct Track Protection Skill Set

Release 3

TLISS00005 Conduct Track Protection Skill Set

Modification History

Release 3

This is the third release of this skill set in TLI10 Transport and Logistics Training Package Version 3.0.

Units revised. Equivalent to previous version of the skill set.

Description

This skill set targets anyone required to carry out a track protection assessment as part of their job role; it is not aligned to any specific qualification and can be achieved separately.

Pathways Information

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **2 units** of competency must be completed.

Unit/s	
TLIF2080C	Safely access the rail corridor
TLIF3083B	Conduct track protection assessment

Target Group

This is a skill set used in the role of protection/access planner or by anyone required to conduct a track protection assessment prior to work being carried out within the general rail infrastructure environment.

Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package (Version 3) meet the needs of track protection assessment duties. The competencies are drawn from a nationally endorsed Training Package, and provide the skills and knowledge for a person working as a protection/access planner operating within the general rail infrastructure environment.
