TLISS00035 Minor Track Equipment Operation Skill Set

Release: 1

TLISS00035 Minor Track Equipment Operation Skill Set

Modification History

Not applicable.

Description

Not applicable.

Pathways Information

This skill set is to be undertaken in addition to the core units from the Certificate II in Rail Infrastructure and targets those rail track workers who will operate minor track equipment, which covers equipment that can be lifted on or off track manually.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of 1 unit of competency must be completed.
Unit
TLIW3027A Operate minor track equipment

Target Group

This is a skill set covering the role of minor rail plant operator in the general rail infrastructure environment.

Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package (Version 2) meet the needs of minor rail plant operation. The units of competency are drawn from a nationally endorsed Training Package, and provide the skills and knowledge for a person working as a minor rail plant operator in the general rail infrastructure environment.
