TLISS00051 Track Inspection Skill Set

Release: 2

TLISS00051 Track Inspection Skill Set

Modification History

Not Applicable

Description

Not Applicable

Pathways Information

This skill set is to be undertaken in addition to the Certificate II in Rail Infrastructure (Track Work) and targets those rail track workers who will also inspect track.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **2 units** of competency must be completed.

Unit/s	
TLIB3100A	Visually inspect track infrastructure
TLIB3099A	Examine track infrastructure

Target Group

This is a skill set covering the role of track inspector within the general rail infrastructure environment.

Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package (Version2) meet the needs of track inspection. The competencies are drawn from a nationally endorsed Training Package, and provide the skills and knowledge for a person working as a track inspector operating within the general rail infrastructure environment.
