TLISS00055 Travel Medium/Heavy On-track Equipment Skill Set

Release: 1

TLISS00055 Travel Medium/Heavy On-track Equipment Skill Set

Modification History

Not applicable.

Description

Not applicable.

Pathways Information

This skill set is to be undertaken in addition to the core units from Certificate II in Rail Infrastructure and targets those rail track workers who will travel medium or heavy on-track equipment. Medium or heavy on-track equipment is considered to weigh more than 10 tonnes and is permanently railed.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **2 units** of competency must be completed.

Units	
TLIB2085A	Apply track fundamentals
TLIC2058A	Travel medium or heavy self-propelled on-track equipment

Target Group

This is a skill set covering a role which requires medium or heavy on-track equipment to be travelled in the general rail infrastructure environment.

Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package (Version 2) meet the needs of rail plant operation. The units of competency are drawn from a nationally endorsed Training Package, and provide the skills and knowledge for a person required to travel medium or heavy on-track equipment in the general rail infrastructure environment.
