TLISS00065 Tram or Light Rail Turnout Construction Skill Set

Release 1

TLISS00065 Tram or Light Rail Turnout Construction Skill Set

Modification History

Release 1 - This is the first release of this skill set in TLI10 Transport and Logistics Training Package Version 3.0.

Description

This skill set targets anyone who is required to construct turnouts for tram or light rail systems.

Pathways Information

This skill set is to be undertaken in addition to the TLI22213 Certificate II in Tram or Light Rail Infrastructure and targets workers who will also construct turnouts.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of 1 unit of competency must be attained.
Unit/s
TLIS3040A Construct concrete or steel points and crossings

Target Group

This is a skill set covering a role required to construct tram or light rail turnouts.

Suggested words for Statement of Attainment

This competency from the TLI10 Transport and Logistics Training Package Version 3.0 meets the needs of the tram/light rail infrastructure industry. The competency is drawn from a nationally endorsed Training Package and provides the skills and knowledge for a person within the tram or light rail infrastructure environment required to construct turnouts.
