TLISS00066 Tram or Light Rail Turnout Installation Skill Set

Release 1

TLISS00066 Tram or Light Rail Turnout Installation Skill Set

Modification History

Release 1 - This is the first release of this skill set in TLI10 Transport and Logistics Training Package Version 3.0.

Description

This skill set targets anyone who is required to install turnouts on a tram or light rail system.

Pathways Information

This skill set is to be undertaken in addition to the TLI22213 Certificate II in Tram or Light Rail Infrastructure and targets workers who will install turnouts.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of 1 unit of competency must be attained.
Unit/s
TLIS3045A Install turnouts

Target Group

This is a skill set covering a role required to install turnouts on tram or light rail tracks.

Suggested words for Statement of Attainment

This competency from the TLI10 Transport and Logistics Training Package Version 3.0 meets the needs of the tram or light rail infrastructure industry. The competency is drawn from a nationally endorsed Training Package and provides the skills and knowledge for a person within the tram or light rail infrastructure environment required to install turnouts.
